Online Access to MEQ Results INFO FOR STUDENTS

To all sec 4 and sec 5 students and families,

Exam period is over and we would like to take this opportunity to congratulate you on your strong efforts and hard work.

Attached is important information from the MEQ explaining steps for sec 4 & 5 students to create their online dossier to access grades and request mark revisions. Mark revisions will only be considered by the MEQ in cases where the student has failed the uniform exam with a mark between 50-59%. The attached handout also contains information about moderation which you may find helpful.

**Students are encouraged to make their online dossier before the end of June.** They will need their permanent code & ID number which are both available on Mosaik to create the file. Students should be able to access their grades as of July 7th.

If applicable, information on LBPSB Summer Program is accessible on our website or directly [here](#).
