Waitresses, helpers, setup, etc – choose your job! All hours go towards your volunteer certificate.
- 8. School store:** is open every morning from 8:30-9:00 a.m. in **B213** and days 3, 4, and 5 during Cycle 1 lunch. We have a variety of pens, pencils, Sharpies, notebooks, duo tangs, calculators, USB's, erasers, sharpeners, tape, glue, locker gear, rulers, geo sets, notepads, scrapbooks and much more. Welcome new and returning students!
- 9. Library:** Welcome back to school! The Library is open 9am-4pm every school day, and during both lunch hours. A change in the Library this year will be no computer games during lunch hours. There are several reasons for this new rule, including the increasing need for computers to be available for project work and research. This has to be a priority! Students will be asked to sign-up on a sheet at the Circulation desk for permission to use a computer. Teachers and staff will be monitoring computer use to make sure everyone who needs one for work has easy access. We would appreciate your understanding and cooperation. Also, hand-held mini electronic games will only be used in the cafeteria at lunch time and will not be permitted in the library. Remember that there is no food or drinks allowed in the Library at any time, WATER ONLY! Please help us to make the Library a place where your fellow students can come to find space and quiet to do their work or reading. Remember to check out the new book shelf and the magazines for quiet reading. Have a good school year! - Mrs. Sinclair
