**BHS PLAGIARISM POLICY**

Most students are academically honest and work hard to develop their research and writing skills in order to present their own ideas in writing, film and podcast submissions. Plagiarism is a serious academic offence that carries a heavy penalty as students move through their academic careers.

**What is plagiarism?**

- Plagiarism occurs when no credit, wholly or partially, is given. For example, plagiarism can be defined as using the work or ideas of others and representing them as your own (Dictionary.com) or re-purposing and submitting your own work multiple times (Merriam-Webster (2011)). Essentially, plagiarism is stealing or cheating.

**How to avoid plagiarism**

- Make sure you acknowledge the source of all information, ideas, images, and works you use in your school assignments. There are several styles of referencing (MLA, APA, CSE, etc.). The style depends upon the subject matter. Ask for direction from your teacher as to what referencing style is preferred. The MLA (Modern Language Association) style is frequently used in high school.

**Remember**

- Submitting another person's work as your own is plagiarism.
- Changing a few words from another source is plagiarism.
- Paraphrasing by changing many words, but presenting the ideas as your own is plagiarism.
- Cutting and pasting from internet sources and essays is plagiarism.
- Repurposing your own work is plagiarism.
- Cite your sources and avoid plagiarism.

## Consequences

Parents/guardians will be informed of school assignments with any form of plagiarism. Students' marks will be penalized at the discretion of the teacher and/or administration. Plagiarism could result in a mark of zero for the work.
