Summer Information for Parents

To all BHS families,

The examination period for all grade levels has now concluded. We commend all students for their perseverance, dedication, and strong work ethic throughout this important time. Their efforts have been truly admirable. Report cards will be accessible via Mosaik starting June 27th. Additionally, important information regarding MEQ marks for Secondary 4 and Secondary 5 students was sent by email yesterday afternoon.

Attached you will find instructions for the *Zipthru* cafeteria card, which will be required for purchases (unless your child is using cash) as cellphones will not be permitted as a payment method moving forward. Also included in the attachments are contact details provided by our partners at CIUSSS.

Lastly, if applicable, Summer School 2025 info is on our website (homepage) or can be accessed directly [here](#). If summer school is recommended for your child, you will receive an automated email at the end of June. For details, please consult the link above.

Please note the school will be closed as of July 1st, 2025 to August 11th, 2025.

Thank you for your continued collaboration throughout the year. We wish you and your family a safe and happy summer.
